- Materials are due 7 business days prior to blast date
- File Size: Please keep file sizes less than 1MB. Larger files load slowly in your subscribers' inboxes.
- Format: When you save images, use PNG or JPG format. You can use GIF format if you need to retain transparency, but keep in mind that this format supports fewer colors. A GIF can be good for a logo or icon, but stick with PNG or JPG for photos and other images that use a lot of color variety.

AD FORMAT/CREATIVE TYPES

- No deceptive creative tactics. These include ads simulating computer system warning dialog boxes that lead the viewer to believe their computer, our server or the system is experiencing technical difficulties, or that they need to click on the box (ad) to eliminate the message from their screen.

- If third party served, Flash creative must sniff for the plug-in, and if not present, serve a GIF. Back-up GIFs must always be provided.
- Ads must not modify any elements of a user's browser or computer settings. Ads must not resemble the Los Angeles Business Journal's editorial content (exact or close replica). Ads must not include references to the Los Angeles Business Journal unless part of previously arranged co-promotion.
